WELCOME TO THE MADISON COUNTY FAIR

Little more than 45 minutes from the bustle of St Louis is the Madison County Fair, looking like something right out of the film State Fair. Brimming with livestock exhibits, a wide variety of competitions and arena events, there is more than enough to do for everyone.

If you enjoy livestock and 4-H shows, check the schedule for the times to see goats, swine, beef, cats, sheep, rabbits, poultry, and dairy. Plan to stay for the 4-H auction on Friday evening. Judging will go on throughout the length of the fair.

Interesting contests taking place at the fair include the Miss Pigtail Contest and the Pedal Tractor Pull for youngsters. The evenings continue the excitement with arena events like the Tractor-Truck Pull and Combine Demolition Derby. Musical entertainment is offered each night with a different performer under the pavilion.

Madison County Fair Association board members welcome both exhibitors and spectators to the 2023 Fair. Whether you come for a day or stay for the week, the Madison County Fair is a summertime must.

ILLINOIS DEPARTMENT OF AGRICULTURE – BUREAU OF ANIMAL HEALTH AND WELFARE 2023 EXHIBITION LIVESTOCK HEALTH REQUIREMENTS – COUNTY FAIRS

GENERAL REQUIREMENTS

These Exhibition Health Requirements apply to all livestock present at the fair including those animals that are not entered in competitive events.

1. Exhibitors are required to familiarize themselves with all rules applicable to their exhibits. All out-of-state animals shall require an entry permit. Entry permit numbers are available by calling the Illinois Department of Agriculture, Monday through Friday from 8:00 AM to 4:30 PM, at 217/782-4944. Permits may also be obtained online at: <http://www.agr.state.il.us/AnimalHW/animalregistry/login.php>
2. All animals, except as noted, shall be accompanied by a Certificate of Veterinary Inspection (CVI) which shows that the animal meets all health requirements for the State of Illinois. CVI's shall be made available to Bureau of Animal Health Personnel on request. CVI means a legible record made on an official form from the state of origin which has been issued, signed and dated by an accredited veterinarian and which shows the name and address of the animal's owner or exhibitor and the results of all required tests or vaccinations. A CVI shall list only one animal identification per line; shall be presented on the form on which it was initially issued; and shall not be corrected, changed or altered in any manner.
3. All animals shall be officially identified. The animal(s) official identification shall be recorded on the CVI.
4. If animals are from tuberculosis accredited, brucellosis certified, pseudorabies qualified, or brucellosis validated herds, the identifying herd number(s) along with the date of the last herd test(s) shall appear on the CVI.
5. CVI for out-of-state livestock shall be void thirty (30) days after issuance.
6. CVI for Illinois-origin livestock shall be void ninety (90) days after issuance.
7. All livestock shall be subject to examination upon entry to any Illinois Fair or exhibition. Any animal showing evidence of infectious, contagious or communicable diseases shall be immediately withdrawn and held in quarantine at the owner's risk and expense until properly treated and recovered, or until the animal is released to return to the owner's premise. Any livestock infected with scabies, mange, active lesions of ringworm, soremouth, or multiple warts which are easily visible without close examination shall not be permitted to exhibit and are subject to quarantine or removal from the fairgrounds. Sheep and goats with caseous lymphadenitis as evidenced by draining abscesses shall not be exhibited and are subject to immediate quarantine or removal from the fairgrounds.
8. Illinois Department of Agriculture personnel or designee may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced at any Illinois fair to test for the presence of illegal drugs or banned substances. New examination techniques, such as ultrasound, may also be used at anytime while the animals are on the grounds of any Illinois fair or exhibit. The Illinois Department of Agriculture or designee may collect urine, blood, tissue or other test samples from exhibition animals at the time of slaughter.
9. All exhibitors of animals at any Illinois fair or exhibition shall comply with the provisions of the Illinois Humane Care for Animals Act. If violations are observed, the animal(s) will be excused from exhibition and ordered removed from the grounds with all awards being forfeited. Any practice or deviation from normal, accepted care, including physical, medical or mechanical application, shall constitute a violation of show rules and may result in the animal(s) disqualification and removal from the fairgrounds.
10. Any Illinois cattle, bison, cervidae or goats being exhibited in non-accredited free state must be isolated from the remainder of the herd/flock upon return to Illinois and retested for tuberculosis 60-120 days post-entry.

CATTLE

Identification

Individual identification of each animal shall be either a fully healed and legible tattoo, approved official metal ear tag, registration number (can only be used if the tattoo is recorded on the registration certificate or for breeds where pictures are acceptable), or individual brands, if brand is recorded on the registration certificate.

ILLINOIS CATTLE

Brucellosis - Illinois is a Bovine Brucellosis Class-Free State. Brucellosis testing is not required for Illinois cattle.

Tuberculosis - Illinois is an Accredited Tuberculosis-Free State. Tuberculin testing is not required for Illinois cattle.

2. Ear notch identification **is not** acceptable for crossbred animals.

Brucellosis

1. Breeding swine 4 months of age and older shall be negative to an official test for brucellosis within 30 days prior to exhibition unless exempt by one (1) of the following:
 - a. Originate immediately and directly from a validated brucellosis-free herd.
 - b. Originate directly from a validated brucellosis-free state.
2. Swine brucellosis tests for exhibition shall be conducted at a state or federal laboratory

Pseudorabies

1. Swine originating from a Pseudorabies Stage IV or V state are exempt from the pseudorabies testing requirement.
2. Swine originating from a Pseudorabies Stage III state shall be negative to an official test for pseudorabies conducted within thirty (30) days prior to entry or originate immediately and directly from a qualified pseudorabies negative herd.
3. Swine originating from a Pseudorabies Stage I or II state shall be negative to an official test for pseudorabies conducted within the 10 days prior to entry.
4. Barrows and females in market classes must meet the same requirements as breeding swine.

GOATS***Identification***

1. Individual identification of each animal shall be by an ear tattoo or official metal or plastic tag or microchip if the owner provides the ready.
2. Tattoos may be used when a registration certificate, listing the tattoo number, accompanies the animal.
3. When using ear tags, the tag must indicate the premises ID and state of origin. The tag number must be assigned by a state or APHIS representative and recorded in the Scrapie Record Database. Ears should be used for tattooing when possible. If there is no space in the ear, the flank or tail fold may be used.

Illinois Goats

1. Goats originating from a herd or flock that has previously been classified as either an infected or source herd or flock can be exhibited in Illinois upon the completion of an approved herd/flock plan.
2. The CVI must include the flock of birth and the flock of origin, if different.

Out-of-State Goats

All out-of-state goats are to be accompanied by an entry permit. Entry permit numbers are available by calling the Illinois Department of Agriculture, Monday through Friday from 8:00 am to 4:30 pm, at 217/782-4944. OVERALL DEMOLITION DERBY RULES

READ THESE RULES CAREFULLY! **MUST BE CHECKED IN 30 MINUTES PRIOR TO START TIME.**

Towing and transporting demolition derby cars to and from demo location must meet highway safety codes.

Madison County Fair will not be held liable.

- Driver's Entry & Fees - Drivers must be sixteen (16) years of age or older and have a valid driver's license or photo ID. Drivers 16 and 17 years of age must have a notarized consent form from both parents or legal guardians present and sign a minor release form.
- All persons MUST sign an entry form, insurance waiver, release form, pay entry fees and purchase a pit pass before entering the pit area.
- Entries will be accepted up to one (1) hour prior to the advertised start of the derby. All trophies and earnings must be picked up at the completion of the event or you will forfeit your prize. They will not be available at a later date.
- You must have a 12"x18" sign with your number on it. The exception is for compacts that must have a 12"x12" sign with your number on it. THIS IS MANDATORY!
- IF IT DOES NOT SAY YOU CAN DO IT, THEN YOU CANNOT DO IT. If it is questionable, then call first.
- All drivers must attend drivers meeting prior to the derby.
- No harassing of the judges will be allowed at any time by drivers, passengers, crew members or spectators. Failure to abide by these rules, the driver will forfeit all money, and all involved will be escorted from the premises.
- DECISION OF OFFICIALS IS FINAL! SAFETY IS OUR FIRST PRIORITY!
- Unsportsmanlike conduct will not be tolerated and will be grounds for disqualification. MANAGEMENT HAS THE RIGHT TO DISQUALIFY A CAR/DRIVER AT ANY TIME! Any person in pit or track area causing trouble and no obeying the rules will be asked to leave the area immediately. We can and will have police escort you out and/or have you arrested. You may also be banned from running in any future fair events. The officials have the right to inspect a car at any time including after the race. If anything is found to be illegal, you will forfeit all prizes which will then go to the next person in line. If anything is changed on your car after inspection to make your car illegal, you will be automatically disqualified and will not receive a refund of entry.
- All cars must be removed from the derby site by 12:00 Noon the following day unless otherwise stated at the drivers meeting. Failure to do this will result in cars being removed.
- No refunds will be made due to failure to meet regulations!
- Top 5 in feature must actively compete at the end. There is no driving yourself on barriers or dirt berms. Failure to comply could result in complete restart will all feature qualifiers actively competing again.
- No reinforcements allowed other than specified below. Any metal added to reinforce your car is illegal. You will only be allowed two (2) trips through the inspection line.
- NO PAINTING, UNDERCOATING, OILING OR GREASING OF FRAMES. YOU WILL NOT BE INSPECTED. THIS INCLUDES PAINTING OF THE FRAME FLAT BLACK.
- NO HITTING IN DRIVER'S DOOR, but no using the driver's door as a shield. If the hit is deemed by the officials to be careless or

intentional, you will be disqualified. If you use your driver's door as a defense, we will not enforce the rules. If you use the door as a defense repeatedly, you will be disqualified. This will be the judges' discretion.

- NO hot-rodding in the pits. Keep it at an idle.
- Any open door or second fire will cause disqualification. If in a heat, you may fix it and come back in the consolation. In the feature, you will be disqualified.
- You must make AGGRESSIVE contact every 60 seconds.
- Sandbagging is not tolerated and will be strictly enforced. Locking up the brakes prior to a hit for anything other than a driver's door will be cause for disqualification. The fans pay to see a show - put one on for them!
- IF YOU THINK SOMEONE IS SANDBAGGING, HIT THEIR CAR WITH YOUR CAR ON THE TRACK.
- Winning cars plus three (3) out of the money must remain on the track until released by officials.
- Any questions or controversies will be discussed at the drivers meeting.
- DO NOT paint anywhere on the suspension or frame. If we can tell it's been painted, we will not even inspect your car.
- All drivers must wear approved DOT helmet and strap must be fastened.
- All drivers must wear eye protection, either safety glasses or a visor on the helmet.
- All drivers and riders must wear working seat belts. This will be enforced or you will not run!!!
- All drivers must wear long pants and shirt.
- A driver that receives a black flag for an intentional door hit will be disqualified from all competition for that night. A driver that receives a black flag for sandbagging or 1 fire in the interior of the car will be disqualified, or 2 fires on the exterior will be disqualified. If in a heat, you may go to the consolation. This will be the judges' discretion.
- ALL CARS MUST BE THROUGH CHECK IN WITHIN 30 MINUTES OF START TIME OF DERBY AND PASSED INSPECTION, OR YOU WILL BE LOADED AND NO REFUNDS WILL BE GIVEN!
- ALL JUDGES DECISIONS ARE FINAL!

LIMITED WELD

1. Any year car allowed, except the following: no Imperials, trucks, vans, hearses, or El Caminos. All glass / plastic / fiberglass / interior must be removed, and cars swept clean.
2. NO WELDING OF ANY KIND ANYWHERE ON THE CAR other than where stated in the rules. No exceptions!!! #9 wire can only go around frame in 4 spots. (Up to 3 wraps in one location OK. No more than 3 loops. Otherwise unlimited.)
3. DRIVER SAFETY – Driver safety is our priority. Any car not deemed to be safe by the officials will not run. Must have wire, chain or bar from roof to dash in front to keep the hood from coming into the driver compartment. This cannot be more than 3 inches past the window opening. You may also have one on the back window but may not go more than 3 inches past the window opening.
4. CAGE – You may have a 6-point cage. This is two sidebars and three cross bars. The cross bars must be one in dash area, one DIRECTLY behind the driver seat, and one no farther than beginning of rear fender wells (nothing any further back). You may have 4 down tubes attached to the frame, no farther forward than front fender seam and no farther back than the beginning of rear fender wells. A halo bar is recommended. If halo is attached to frame, that counts as two down tubes. Down tubes may only be 4 by 4 and attached to top of frame only.
5. BODY MOUNTS – Original body mounts/spacers may be replaced with 3/4" all thread with a max of a 3/4" washer in the frame and a 4"x4" plate on top. They may be bolted down solid.
6. HOOD – May be chained or wired shut. You may use 6 all thread no bigger than 3/4" with washers. No bigger than 6" outside diameter (two may go to or through frame but not in front of radiator). Must have 2 holes a minimum of 6" in diameter on each side of carburetor. You may use a total of 20 bolts no bigger than 3/8" with washers no bigger than 1" in hood. No extra body bolts.
7. TRUNK – May be chained or wired shut. You may use 2 all thread no bigger than 3/4" with washers no bigger than 6" outside diameter. All thread may go to or through frame in trunk. Must go through factory body mount holes. May weld five on five only in factory location, no welding to trunk pan. You may wedge the trunk, but only from the rear of the back of the pas-

- senger door to the bumper.
8. DOORS – Must be chained, wired or welded. You may weld solid with straps no bigger than 3 inches wide and 1/8 inch thick, on outside only. Wagon gates may be chained or wired in four spots or wired 5 on 5 off. No double plating of doors.
 9. FIREWALL – Firewall may be cut.
 10. FENDERS – May be trimmed and pre-bent. You may use 10 bolts no bigger than 3/8 inch with washers no bigger than 1 inch per fender. Rear quarters will be considered fenders. Rear quarters may be pre-bent but must remain vertical. No wedged front fenders.
 11. BODY- No welding of body to frame.
 12. DRIVE TRAIN – You may use any motor and any transmission in car. Motor mounts may be welded. You may use an after-market motor cradle for mounting purposes only; must have a rubber bushing, not mounted solid. The motor cradle may be attached to the stock motor cradle but may not be attached to the frame or support the frame in any way. Headers through the hood are OK. No distributor/motor or tranny protectors. You may use an aftermarket gas pedal. You may use one chain per side to secure motor and one chain on transmission. Shifter/linkage may be modified to prevent binding. Slip driveshaft allowed. OEM car rear-ends allowed. You may use an 8-lug rear end. If the car was a coiled spring car, in MUST stay coiled spring. If it is a leaf spring car, it MUST stay leaf spring with factory set of springs. May be welded position. You may brace rear end. Must be factory mounting, no bracing of mounts. Pinion brakes allowed. No axle savers.

18. Fenders may be bolted together with 3/8" bolts or smaller with 3/8" or smaller washers only. A maximum of 10 bolts per fender allowed.
19. All doors may be welded (outside of body only), chained or wired. Door metal cannot be larger than 1/4" thick or 4" wide on door shell (vertical) and 2" wide on window frame. You may beat top of doors down and may tack them in three (3) places with a maximum of 1" weld each.
20. No doubling of body panels allowed. No added metal allowed.
21. Patching floorboards - If you have to patch rusty floorboards, you must cut out all the rust, overlap no more than 1" with same thickness body material and sheet metal screws no more than one (1) every 4". No welding to floorboards or firewall.
22. You may crease/enhance sheet metal body panels, but do not fold and weld. No extra metal may be added.
23. No other body welds other than what is listed above.
24. All sunroofs must be covered with a thin sheet of metal, i.e. welded or bolted (with bolt head inside the car) or riveted. No #9 wire or chain to accomplish this will be allowed.

HOODS, TRUNKS AND BODY BOLTS

1. Hoods must have 2 holes, at least 4" in diameter on each side of carburetor - NOT directly on top of carburetor. IF HOOD IS REMOVED, EITHER FAN BLADE MUST BE REMOVED OR FAN BELT MUST BE CUT. NO SECOND ALL THREAD WELDED TO SIDE OF THE FRAME AND RAN THROUGH THE MID POINT OF THE HOOD.
2. On all cars, hoods, trunk and tailgates may be secured with the following method: on front of car - 2 pieces of 1" all thread, with a washer no larger 6" O.D. and 3/8" thick. All threads MUST be mounted outboard of the radiator. In addition to all threads (6) 1" O.D. bolts with a washer no larger than 6" O.D. and 3/8" thick or you may use angle iron back to back with a bolt through it. Angle iron cannot be more than 3/16" thick or longer than 6". Three (3) on each side of car, a total of six (6). Total of 6 bolts and 2 up front all threads holding the hood down and any amount of wire or cable. All wire or cable MUST be mounted outboard of radiator. A maximum of 50 bolts 3/8" or smaller are allowed to bolt together hood seams. On deck lid of car, 4 pieces of 5/8" all threads with a washer no larger than 6" O.D. and 3/8" thick all threads may be mounted through deck lid and frame anywhere in trunk can be welded to the frame or in body mount holes. In addition to all threads, you may weld trunk 5 on 5 off. Straps should not be larger than 1/4" thick or 4" wide or (6) 1" O.D. bolts with a washer no larger than 6" O.D. and 3/8" thick or 10 3/8" bolts in the drip rails, not both 1 or the other and any amount of wire or cable. If trunk is welded must have a 12" hole in trunk lid. On station wagons 2 pieces of 1" all threads with a washer no larger than 6" O.D. and 3/8" thick. All threads may be used in the rear through roof and stock body mount replacing existing bolt. In addition to all threads, you may weld tailgate 5 on 5 off. Straps should not be larger than 1/4" thick or 4" wide or (6) 1" O.D. bolts with a washer no larger than 6" O.D. and 3/8" thick, and any amount of wire or cable. YOU CAN WELD WASHER (no bigger than 5/8" washer and must be at least 12" apart) TO THE BODY TO RUN WIRE THROUGH.
- A. No carburetor protector outside the intake area or DP.
- B. You may have rear window bar 2" X 2" X 1/4" MAX IN SIZE, 6" max on roof (4" X 4" X 1/4" TO ATTACH TO THE ROOF) and no further back or forward than 3" on each side front drip rail on trunk weld to the strapping on your trunk. MINIS...there must be 6" minimum distance (gap) from the top of this bar on the roof and halo bar. This is the only location allowed for this bar.
3. All body mount bolts may be replaced including FULL FRAME MINI'S within 1/2" O.D. bolts with a stamped washer. Do not take them out and place body on frame. If replaced, a gap of 1" minimum is mandatory between body and frame or may replace with a stack of washers or 1 piece of anything solid, if it is about the same diameter as the factory bushing. Do NOT crush factory body bushings. Front body mount bolts inside passenger compartment must be removed for inspection. Body mount bolts inside passenger compartment that are close together may have 1 washer 6" X 12". Must have 2 or more body mount bolts through washer or may add 2 additional body mount bolts per side inside passenger compartment. All all- threads MUST have nut on top and bottom and NO welds.
4. A minimum of 1 chain or wire running from the outside (top) of roof down to the cowl or BAR DOWN TO DASH BAR OF CAGE on the front window is MANDATORY for safety. Maximum of 2. IF YOU HAVE A PASSENGER MUST HAVE 2. IF USING METAL STRAPS MAX SIZE 2" WIDE X 1/4" THICK, 12" APART. CAN GO TO FRONT DASH BAR OR COWL THEN TO TOP LIP AREA OF WINDSHIELD ONLY.

CAGE AND HALO BARS

1. All driver and passenger doors may be reinforced. You should have a 6-point cage, MINIMUM OF A 4 PT. CAGE. Cross bars may be ran as follows: 1 across dash, 1 bend front seats and 1 in rear seat area (3rd bar must be at 10" off the floor, measured from bottom rear seat area).
2. You can run 4 down tubes, 2 per side. 2 of these down tubes must be mounted mandatory in the following way on each side: 1 down tube to flat part of the frame 1' behind the 2 body mounts at your feet at the "A" pillar, with a max distance of 2' from the same measuring point. Lower door bars allowed between down tubes; must be 6" or more above top of frame. NOTHING OUT OF DRIVERS' COMPARTMENT. You can have steel plate between cage and front doors. Must be securely fastened to cage. Front bar must be no more than 4" in diameter. Must have 6" between front bar and center of firewall on a fresh car. Front bar cannot be attached to firewall at any time. ALL DOWN TUBES MUST BE BEHIND DASH BAR, STRAIGHT UP AND DOWN AND ON FLAT PART OF FRAME. CANNOT GO TO BODY MOUNT BOXES. NO KICKERS TO REAR HUMPS. NOTHING OUT OF DRIVERS COMPARTMENT. You cannot weld anything to front bar protruding toward the distributor protector. No grater blades, metal plates or tubing on exterior of body (driver & passenger doors).
3. Halo bars are allowed. There must be 6: minimum distance (gap) from halo bar and the top of your rear window bar. Can be attached to bar behind your seat or could be run to the frame but it would be counted as 1 of your down tubes.
4. This is not mandatory, but we encourage everyone to put a steel plate between cage and front driver and passenger doors.

Thickness of metal is up to driver. Must be securely attached to cage and must be 2" off of floor. This is for protection not reinforcement.

FRAME

1. Top frame seams from A-arms forward may have single bead of weld added. Must be single pass no wider than 3/8" wide by 3/8" high, no extra metal may be added. DO NOT REWELD ENGINE CROSS MEMBER SEAMS OR ANY OTHER BRACKETS ATTACHED TO FRAME OR SHEET METAL under hood or trunk. NO CONCRETE!!! DO NOT WELD FACTORY HOLES UP. ALL FACTORY HOLES MUST BE OPEN FOR INSPECTION OF FRAME.

4. You may put a bolt with a stamped flat washer thru frame to hold it together. Only 1 per wheel opening must be loose during inspection. DO NOT weld washer (pinning of frame).
5. You may notch the frame for minimal pre-bending, but do NOT weld the cut.
6. If changing front stub, cut 3" behind second cross member bolt hole. When replacing, can overlap 2 1/2", able to weld both sides but no adding extra metal. Must be of the same make and model.
7. If retubing 1 side of the frame, you are allowed to cut and fit the new frame flush and weld 1 pass all the way around (butt-fit-weld). Must be of the same make and model.
8. All trailer hitches MUST be totally removed.
9. 2017 - this includes mini's: If running a used car prior to this derby, you are allowed 2 patch plates- 1 per side of frame. No plate larger than 4" X 4" X 1/4", must be at a previously bent spot on the frame and must be painted a fluorescent color so it is easily noticed for the inspectors. AFTER INSPECTION OR HEATS, NO WELDING THESE ON. IF ADDITIONAL PLATES ARE FOUND AFTER INSPECTION-NO MONEY WILL BE PAID OUT.
10. You may use six 4x4 quarter-inch thick plates any way you want. USE YOUR TAPE MEASURE.

BUMPERS

1. Any OEM shock canister may be bolted or welded to any car. AMOUNTS OF BOLTS OR WELDS MAY NOT EXCEED TYPICAL STOCK INSTALLATION. Homemade bumper brackets are permitted, NO GUSSETS OR BRACING. NOT TO EXTEND BEHIND OEM BOLT LOCATION ON FRAME. May use 2 1/2" max round or square tubing. No thicker than 1/4". No solid stock may be used. This can only extend into the frame a max of 8". Any OEM stock automobile bumper may be bolted or welded to the shock canister or bumper brackets. You may use 2 pieces of light chain per shock. Fenders and bumper ends may be trimmed to allow for wheel clearance.
2. Front bumper may be reinforced inside outside and end to end. Must have chrome on the outer part of the bumper from any OEM bumper shaped to fit. You may weld outer chrome of bumper to inner skin of bumper. Nothing else can be welded to outer chrome. You cannot alter angle of bumper. Anything coming out of bumper during race will be cause for disqualification. 11" of point and must contour from frame to frame and must be stock appearing on pointy bumpers.
3. You may have 6" long x 4" wide x 1/4" thick bumper support bracket, butt fit against bumper or 2" onto bumper. If you're running a pre ran and choose to put your extra 4"x4 1/4" plate up front, there must be at least a 1'8" gap between the plates. Any questions, please call.

SUSPENSION

1. Stiffness of suspension will be left up to the discretion of the driver. A-arms may be bolted or lightly welded with strap no more than 1/4" thick and 2" wide. MUST RUN STRAIGHT JP AND DOWN. One in front and 1 behind A-arm for a total of 2 per A-arm. Can be to upper or lower A-arm, but not both. Can only be welded 2" on A-arm and 2" on frame. Only a 2"x2" area on each end of strap may be welded to A-arm and frame. DO NOT WELD ENTIRE A-ARM TO THE FRAME! NO EXCESSIVE METAL ADDED!
2. Homemade tie rods and homemade steering shaft are permitted.

ENGINE AND TRANSMISSION

1. ANY ENGINE OR TRANSMISSION MAY BE USED IN ANY CAR BUT MUST BE MOUNTED IN A STOCK POSITION. ON A V-BLOCK MOTOR, FRONT SPARK PLUGS MUST BE EVEN OR IN FRONT OF UPPER BALL JOINT. ON IN-LINE MOTORS, NUMBER 2 SPARK PLUG MUST BE EVEN OR IN FRONT OF UPPER BALL JOINT.

University of Illinois Extension
Laquitsha Bejoile-Hayes, County Director
Emily Reece, 4-H Youth Educator
Grace Margherio, 4-H Youth Educator, JJK FAN Innovation Center
Nicole Hellon, Office Support

Thank you to the Madison County Farm Bureau and Southwestern Electric Coop for their sponsorship.

There is something for everyone to "LEARN BY DOING" in Madison County 4-H programs. 4-H members learn leadership skills and confidence through traditional club experiences and Special Interest groups (SPIN). It only takes six kids and one adult volunteer to make a 4-H club where you live!
Contact the Madison County 4-H office for more information at 618-344-4230.
